

# What does family protection look like?

“I want to protect myself and my family if I face a critical illness.”

**Trustmark Critical Illness Insurance** provides immediate financial relief from unexpected expenses that arise during a covered serious illness<sup>1</sup>, including heart attack, stroke or cancer diagnosis. It gives you and your family a financial cushion – just when you need it most.

Myth:

“I doubt I will have a heart attack or get cancer.”

No one ever expects it, but a critical illness can happen even to healthy folks.

“I already have health insurance, so I'll be okay.”

You might need to hire a nurse, pay for child care or go through stroke rehab – on top of medical expenses.

“I'll pay my medical expenses with spare cash.”

Trustmark Critical Illness Insurance helps provide a financial cushion against the unexpected expenses of illnesses like heart attack, stroke or cancer.

Fact:

In the United States, someone has a heart attack every **34 seconds** and more than **1 million** people get cancer each year.<sup>2</sup>

Among people with health insurance, **1 in 5** has problems paying their medical bills.<sup>3</sup> For stroke, the average first-year cost for outpatient rehabilitation services is **\$17,081**.<sup>4</sup>

**62% of Americans** have less than **\$1,000** in their savings accounts.<sup>5</sup>
