

Trustmark Voluntary Benefits now offering group products

Less work, more benefits

For more than a century, Trustmark Voluntary Benefits has provided some of the most innovative individual voluntary products on the market. Now, we're bringing that innovation and our history of exemplary service to the group marketplace. With our new line of group products you can offer top-of-the-line benefits with streamlined administration and greater cost efficiency - less work, more benefits.

New group products available for cases with 6/1/21 effective dates!

*Product availability may vary by state.

The best of both worlds

When working with Trustmark, you can offer group, individual or a combination of both products, giving clients more options depending on their needs:

Individual products that offer:

- Guaranteed renewability
- Level premiums as long as premiums are paid
- Full portability if employees leave their employer or retire

Group products which will provide:

- Easy implementation of products on any benefits administration platform
- Superior benefits protection at an affordable rate

Products to meet your needs

No matter your situation; we've got you covered with a full suite of group and individual voluntary benefits:

Individual products:

Industry-recognized **Universal Life insurance with long-term care**

Disability insurance with more ways to get benefits in policy holders' hands

Group or individual products:

NEW!

Hospital insurance that balances superior protection with unmatched flexibility

Critical Illness insurance that provides a lifetime of benefits

Accident insurance that protects employees wherever they need it most

Voluntary Benefits

Benefits for all

Trustmark delivers value for brokers, employers and employees alike. With our entry into the group market, you can offer a winning combination for everyone involved.

Brokers

- A wider range of product offerings for employers and employees
- Ability to offer Trustmark products on a variety of systems
- Group benefits from a trusted carrier with a reputation for responsive service

Employers

- More options to enhance their benefits offering while attracting and retaining top talent
- Streamlined benefits implementation and administration

Employees

- Superior protection from Trustmark's innovative products
- A cost-friendly option for voluntary benefits to enhance financial protection

The protection and service you trust is now easier than ever to access with Trustmark's new group products.

**You care.
We listen.**
