

# Caring for municipal workers

Frontline municipal workers deserve our gratitude and, more than that, they deserve to be protected. With Trustmark Voluntary Benefits' new group products, we've done just that: found more ways to protect public sector workers.

## Protecting those who protect us

Trustmark's group products all have features that can be especially meaningful to those working on the front lines.

### Trustmark Hospital StayPay® - Group

Hospital insurance with an emphasis on flexibility; creating tailored protection for employees.

- **Mental health benefits** including coverage for substance use disorder; to protect public sector workers in need of treatment in challenging times
- **Rehab options** for physical rehabilitation (inpatient or outpatient), occupational, or speech therapy

### Trustmark Critical HealthEvents® - Group

Critical Illness insurance that includes coverage for early identification and early-stage diagnosis.

- **Infectious and rare disease coverage** to protect against less common or unforeseen conditions, including COVID-19
- **Mental health benefits** to provide coverage should an employee be diagnosed with a specified mental health condition

### Trustmark Accident Insurance - Group

By combining classic coverage with modern benefits we help protect employees however they need it most.

- **Gunshot Wound benefit** helps protect at-risk front line workers by paying them a benefit if they are wounded by a firearm.
- **Additional benefits to support a quick recovery** including therapy benefits and physical rehabilitation

### Wellness benefits - available on all products

Trustmark helps promote good health and wellness for municipal workers by offering benefits for:

- Routine/sports physicals
- Routine screenings
- Vision tests
- Immunizations
- Follow-up tests
- Diagnostic tests
- And more!

Voluntary Benefits

**Trustmark**  
benefits beyond benefits

## Benefits beyond benefits

Protecting employees' health and their finances with voluntary benefits is critical. But an engaged, productive and healthy workforce is about a lot more than that. Through a voluntary benefits enrollment you have a solution to engage with employees, address important workplace topics, or launch new initiatives and new tools:

### Communication tools

Through pre-enrollment communication programs and one-on-one support, you have an opportunity to connect with your employees.

### Technology solutions

A voluntary enrollment can introduce new benefits technology solutions that make it simpler and easier to offer and administer benefits.

### Program support

Through new communication and technology tools, you have the opportunity to launch new programs including wellness, 401(k) participation and enhanced workplace safety policies.

## A long history in the public sector

Working with Trustmark means you're working with a carrier that understands the industry and the unique challenges of offering and administering benefits to municipal workers.

Trustmark has long-standing relationships with 230 clients in the Public Administration industry, including:

clients with less than 100 employees

clients with 100 to 999 employees

clients with 1,000 to 9,999 employees

clients with 10,000 plus employees
